ACCREDITATION

APPLICATORSHIP

BUMI WATERPROOFING PRODUCT

Bumi Bina is proud to present our esteemed clients with our very own waterproofing product. Bumi Waterproof Flex™ and Bumi Waterproof Plus™ are two top quality waterproof coatings that are suitable for all weather. The characteristics are as below:

Bumi Waterproof Flex

BUMI WATERPROOF FLEX is a modified full acrylic water-based coating specially formulated for decorative and waterproof characteristics. It is single-component, very flexible, breathable, toughness and has excellent waterproofing coatings against all weather.

Characteristics

- Excellent elongation and flexible effect.
- Good bonding with surface against blistering issues.
- Weathering and UV Resistance.
- Fungus Resistance.
- Easy to apply.

Bumi Waterproof Plus

BUMI WATERPROOF PLUS is a modified full acrylic water-based coating reinforced with micro-fibre, specially formulated for decorative and waterproof characteristics. It is single-component, breathable, maximum toughness and excellent waterproofing coatings against all weather.

Characteristics

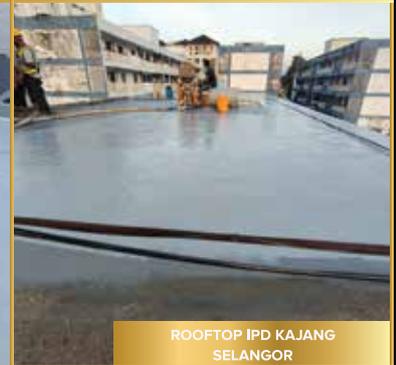

- Excellent toughness reinforced with micro-fibre.
- Good bonding with surfaces.
- Weathering resistance.
- Fungus resistance.
- Easy to apply.
